

Join in with our learning at home...

Read

- Read stories and poems about journeys
- Find out how different modes of transport have developed over time
- Look at maps of the world and find out where the capital cities are

Do

- Prepare some Indian or Chinese food
- Help to look after your garden and notice what is growing there
- Listen to music from different parts of the world and compose your own piece
- Design and make a futuristic mode of transport

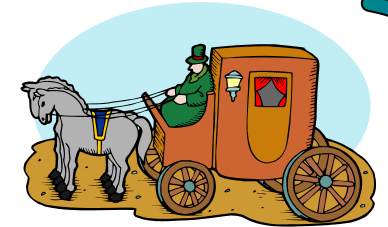

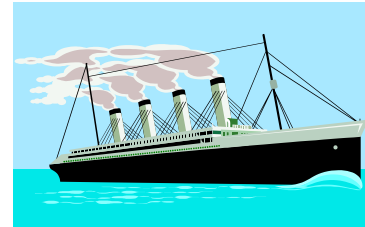

Visit

- Visit an art gallery and look at Impressionist and Post-Impressionist work
- Go on a day trip to France and practise your French
- Try eating some Indian or Chinese food
- Visit a botanical garden and see exotic plants

At school we are going to enrich the learning with:

- An Ancient Indus workshop
- A trip to Portsmouth Historic Dockyard

# Around the World in 80 Days

Buzzard Class  
Autumn Term Topic 2017

## Our learning journey...

Where in the World?

China, circuits & storms

Aspects of India

America study

Homeward bound

## The big questions we want to answer...

- Who was Phileas Fogg, where did he go and how long did he take to get there?
- Who was Jules Verne?
- What causes different biomes?
- Where in the world is.....?
- What is modern India like?
- What was life like in the Indus Valley 5000 years ago?
- How can I compose a rāg on the computer?
- What are the main beliefs and practices of Hindus?
- Why do people go on pilgrimages?
- Which materials are the best conductors of electricity?
- How can you change a circuit to affect the brightness of a bulb?
- How does air-resistance influence the flight of a kite?
- What is upthrust and how does it affect objects?
- Why did Europeans colonise the New World?
- What is America like?
