

# Body, Mind and Spirit

You might like to join in with our learning at home by ...

Non-fiction books about the human body, bread making, micro-organisms, recipes, healthy eating. Biographies and autobiographies.

Percussive music, choral music, voices from around the world.

The Natural History museum, The Science Museum, a bakery. Go on an adventure.

Buzzard Class  
Spring Term 2018

At school we are going to enrich our learning with...

- A tour around the human body
- A first aid day
- Planning a trip to Up Marden church

## Our learning themes...

Dr Frankenstein's apprentice

Keeping safe

Keeping Safe

Portraits of me

Living in harmony

The key questions we want to answer this term are:

- Does Frankenstein's Monster have a soul?
- How does the human circulatory system work?
- How are nutrients and water transported in animals?
- What are the different organs of the body and what do they do?
- How do I make my bread rise the most?
- What can I do to help someone who is injured?
- How can I keep myself safe in my local area and how do I keep e-safe?
- How do I design an app for a Year 5 or 6 child that teaches them about the human body?
- How do diet, drugs, lifestyle and exercise affect my body?
- How can I use counter-tension in gymnastics and dance?
- How do I sing in harmony?
- How will I change as I move through life?
- What is analytical cubism and how can I use it to paint myself?
- How can I express my spiritual side through art?
- Who was Charles Darwin and what is evolution?
